Excellence in Business Leadership

This category celebrates outstanding leadership in driving operational excellence, innovation, and performance. If your company has implemented a project that has significantly improved efficiency, reduced costs, enhanced quality, or delivered measurable business impact, this is your chance to showcase it. Demonstrate how your organization has set new industry standards through continuous improvement and transformative strategies.

All the fields below are to be fully completed as requested. During the evaluation process the jury takes into account and rates concrete information, i.e. data, demonstrated facts, business logic, along with the following Criteria:

EVALUATION CRITERIA:

- » Timeline of the project
- » Project goal & scope
- » Original approach to process management
- » Operational improvements & cost savings
- » Process streamlining/replication
- » Recognition of the project

Person who nominates the project and could offer more details if asked by the the organizers
Name:
Role:
Email address:
Phone number:

Title of the project:

Short description of the project ***(max. 1000 characters):***

(In case of winning the 1st place, this description will be used to promote your project during the Awards Gala, on the website or other channels.)

Project goal ***(max. 1000 characters):***

- What was the need behind the project initiation?
- Which process or processes were subject to this improvement?

- What were the business objectives of the process improvement? E.g. reduce cost, improve efficiency etc.?

Original approach to process management

- What were the specific activities/phases undertaken to achieve the process improvement?
- What human resources from either inside or outside your company were involved in the process? ***(max. 1000 characters)***

- What improvement methodology did you use and how (e.g. Kaizen, Lean Six Sigma etc.)?***(max. 500 characters)***

- What is the main characteristic that distinguishes you, your team and the initiative itself from other projects? ***(max. 300 characters)***

Operational improvements & cost savings

- To what extent did you achieve your objectives? What are the specific improvements made?***(max. 500 characters)***

- How did it impact financial performance in percentages? ***(max. 300 characters)***

- Has the change had unexpected benefits on other areas, employees, processes, customers?
- How did the project improve your competitive advantage? ***(max. 1000 characters)***

Please supply proof of success e.g. statistics, financial results, ratios, percentages, ROI. *(max. 500 characters)*

Processes streamlining / replication. *(max. 500 characters)*

- Can that initiative be repeated in other processes/functions?
- Has it been deployed in other entities or organizations or to other customers?

Recognition of the project *(max. 300 characters)*

- Did the project bring any recognition - either internal or external? If so, please provide proof of recognition.
